

## **Jollies Pass – Fowlers Lane – Hanmer River Road – Highway to the Village**

This is part of what will be our ‘M25’ or ring road right around the Hanmer Basin. The last section from the Waiiau River back to the village via farm tracks will avoid having to ride back up the Main Road and hopefully will be completed in 2017. This is a half day ride. Please be aware that the Main Road has heavy traffic and although it has good grass verges, this ride will not be suitable if your horse doesn’t cope with traffic. Alternative: half-way back to Hanmer Village turn right into Chatterton Road and ride back to the village via the Chatterton-Tarndale unformed road.
